## LETTER OF RECOMMENDATION

I am writing this reference letter in support of **Mr. RADHARAPU ANVESH REDDY** who is applying to the Masters Program at your esteemed University. I have known him in my capacity as his Professor for over two years now during which, I taught him the courses "**DIGITAL SIGNAL PROCESSING and DIGITAL IMAGE PROCESSING**" in sixth and seventh semesters respectively. Through my observation, I would like to say that he is attentive and studious and always possesses a positive attitude towards academics.

Throughout his course of study, **Mr. Anvesh** has shown great interest towards practical aided learning techniques. We engaged in several course and research related discussions in which, he confidently talked about his aspirations towards higher education. I have mentored him for a self project that he was interested to do, I observed him closely, and his commitment towards that task and the discipline he shows towards the subject makes him stand out from others

The number of seminars and symposiums displayed his ability of individual research. He undoubtedly possesses the ability to make an excellent teaching or research assistant and can get along harmoniously with faculty members and peers.

I have the deepest personal and professional respect for him, and sincerely believe **Mr. Anvesh** will bring his unique energy, optimism, passion, and tireless creativity to your class and University as a whole. Thus, he has my highest endorsement for admission into his desired course at your University.

Sincerely,

**Mrs. BOBBALA SREEDEVI**
